THE SERVICE PRECAUTION:
The area enclosed by this line () is directly connected with AC mains voltage. Be careful not to touch this line during transformer, between TV receiver and AC line to eliminate hazard of electric shock.

PRODUCT SAFETY NOTICE:
Product safety should be considered when a component replacement is made in any area enclosed by this line. Components indicated by a mark Δ in this circuit diagram show components whose values have special significance to product safety. When replacing components, only parts specified on the part service manual be used for components replacement pointed out by the mark.

COLOUR SAFETY NOTICE:
Parts specified with "X" are not included in this model.
Parts specified with "U" are just jumper wires.
